

SIZING GUIDE: This information is for reference purposes only and does not guarantee individual fit. Club cut jersey sizing is one size larger than racing cut jersey sizing and ~1" shorter than the same sized racing cut jersey. The club cut jersey is designed to be roomier than the equivalently sized racing cut jerseys and provides a more relaxed fit. The women's jerseys have narrower waist and slightly wider hip measurements than the unisex jerseys. The women's shorts have a slightly narrower waist, wider hip, and shorter length measurement than the unisex shorts. Chest size is the most important guidance for sizing purposes.

Note: Redmond Cycling Club is offering all RAMROD jerseys in Race Cut.

Womens Cycling Jersey – Race Cut

Size (U.S.)	bust	height	weight	sleeve: short
x-small	29-32	5'2" and under	90-110	7.5
